Terms and Conditions:

This Warranty Agreement, including the Warranty Holder Registration Page and the Terms and Conditions make up the entire Warranty Agreement ("the Agreement"). No other documents, unless provided directly to you as the warranty holder from Get Covered Canada are legal and binding. Please retain a copy of this Warranty Agreement as evidence of your coverage. Please note that only the parts, labour and benefits listed within this Agreement are covered by this Agreement. This Agreement is an Inclusionary Mechanical Breakdown warranty, and not a service agreement.

1. Premium Warranty Plans:

Subject to the Terms and Conditions as contained herein, Get Covered Canada (the "Administrator") warrants that it will repair the Registered Owner's vehicle ("Warranty Holder") and all reasonable costs incurred as denoted as covered by this Agreement during the term of the warranty offered under this Agreement, when a Mechanical Failure or Breakdown has occurred. For the purposes of this Agreement, a Breakdown or Mechanical Failure shall mean: the failure of a Covered Part under normal service. A Covered Part has failed when it can no longer perform the function for which it was designed solely because of its condition and not because of the action or inaction of any non-Covered Part. Only the parts and labour described below as covered ("Covered Part") are covered by this Agreement in the event of a Mechanical Failure or a Breakdown.

Coverage under this Agreement can only be applied for in two cases, i) at the time of the sale or lease of the covered vehicle, as applicable to the covered vehicle, being the vehicle identified on the front page of this Agreement (the "Covered Vehicle"), ii) at a point in time prior to the expiration of an existing original Manufacturer's Warranty. In the case of purchase under the terms of (ii) herein, the coverage purchased under this Agreement must have equal or lesser coverage than the expiring manufacturer warranty. The obligations of Get Covered Canada shall commence immediately or when an existing factory warranty expires, as applicable to the timing of the purchase of this Agreement. The obligations of Get Covered Canada shall expire according to the length of term indicated on the front page of this Agreement, based on the earlier of Agreement term length or odometer reading, whichever occurs first.

Coverage of the Covered Vehicle will begin on the Start Date stated on the first page of this Agreement and upon the issuance of the Warranty Authorization Number, the receipt of this signed Agreement and fulfillment of payment terms as agreed. Get Covered Canada reserves the right to cancel this Agreement in the event of non-payment or if a payment plan is in place, such payments are not up-to-date and current.

The Warranty Holder hereby certifies that the information contained in this Agreement is true and correct as of the Start Date stated on the first page of this Agreement. The Warranty Holder further certifies that the Covered Vehicle is in proper operating condition as of the Start Date stated on the front page of this Agreement. In the event that any information is determined incorrect or misleading, this Agreement shall be deemed void and any monies paid will be returned to the Warranty Holder, less an administration fee of \$99.00.
